The Gilchrist County Education Foundation was formed in 1991 to promote and enhance the quality of education in all Gilchrist County Public Schools. The Foundation provides a means for businesses, community organizations and individuals an opportunity to support programs by allowing locally generated dollars to be used for specific projects. The Foundation is a non-profit 501(C)(3), tax exempt corporation, which focuses on raising funds from sources not available to the School Board.

The money raised from this event will be used to award mini-grants to teachers to aid them in designing and developing educational materials and projects that enhance student learning. These funds will also be used for awarding scholarships to our high school seniors.
